WHAT THIS CURRENT CHAPTER UNLOCKS

The next major threshold between plans and construction.

Founding Pawtners began with an approximately $1.5 million goal for the civil and site work required across the full campus. That work remains essential. Today, this display tracks the immediate $1 million capital goal needed to move this shovel-ready project forward.

Years of preparation built the foundation. Now this milestone moves the campus toward visible progress.

~$2M	Plans	Team
already invested in the campus	developed and key approvals secured	builder contracted and ready

Shared first steps: civil, drainage, grading, utility and NV Energy work prepare the site before either planned building can rise.

Permits Approved	$350,000
plans and partners in place	remaining in this chapter

The Road to Breaking Ground

Follow the work in real time. Completed milestones are checked; open boxes show the next steps still ahead.

PLANS, APPROVALS & TEAM

- [x] Approximately $2 million invested in the campus
- [x] Special Use Permit approved
- [x] Civil engineering and site plans approved
- [x] Traffic, parking and campus footprint approved
- [x] Cat Cottage plans approved and permitted
- [x] General contractor contracted
- [x] Subcontractor team selected
- [x] NV Energy line-extension agreement signed
- [x] $100,162 NV Energy infrastructure funding secured

FUNDING, SITE WORK & CONSTRUCTION

- [ ] Behavior & Education Center design finalized
- [ ] $1 million current campaign fully funded
- [ ] Next major capital threshold reached
- [ ] Notice to Proceed issued
- [ ] NV Energy power infrastructure installed
- [ ] Grading, drainage and water-diversion work begins
- [ ] Water, sewer and site utilities installed
- [ ] Paving and 79-space ADA parking completed
- [ ] Behavior & Education Center construction begins

The order of some site and construction activities may overlap as contractors coordinate the full campus plan.

ONE CAMPUS. TWO BUILDINGS. SEPARATE CONSTRUCTION FUNDING. SHARED SITE INFRASTRUCTURE.

CURRENT CONSTRUCTION PRIORITY

Behavior & Education Center

Expands behavior services, community education, professional training and mission-aligned earned revenue.

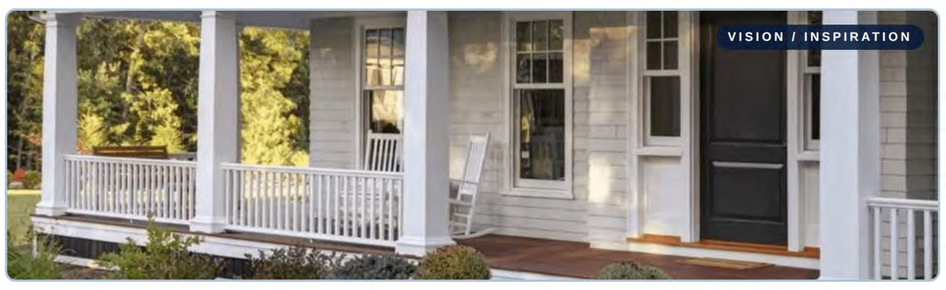
The active $1 million campaign helps move the campus toward this next construction phase.

REMAINING DEDICATED FUNDING IN PROGRESS

Jackie Hawkins Cat Cottage

Fully designed and permitted, with dedicated cat housing, adoption preparation, administrative space and an all-campus medical clinic.

A significant bequest established the foundation for this building. CRCCS is actively securing the remaining dedicated funding needed to complete it.



Help close the remaining $350,000.
